

Bridges which have recently undergone major repairs/restorations and new construction.

This list was compiled by Bill Caswell, President of the National Society for the Preservation of Covered Bridges in February 2016. It is intended to list new covered bridges constructed and those which have undergone major repairs and restoration work since 2010.

This list only includes projects that we are aware of and there are likely to be others missing from this list. Feel free to contact Bill at bill@lostbridges.org with additional information.
