

The Theodore Burr Covered Bridge Resource Center: Charting Our Future

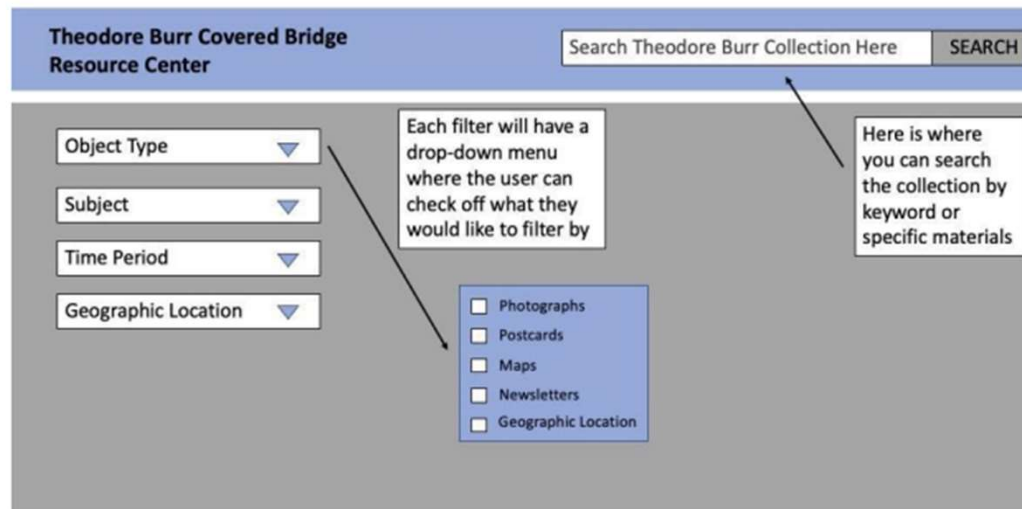

Our Goal

Advancing our place as a premier center for research about covered bridges– in person and increasingly online. We want to give researchers around the world access to our collection, 24/7/365.

Our Partnership with Syracuse University School of Information Studies

Their recommendations included:

- Scanning equipment
- Metadata
- Developing a website

Next steps

- Development of a comprehensive strategic infrastructure plan
- Building a timeline for growth
- Raising needed funds through grants and other sources
- Coordinating with other covered bridge societies and organizations
